Retailer Notes: This month's list features the last installment of Macross Plus

from Manga Entertainment, after a long wait. The VHS release of Ghost in the

Shell has, however, been pushed back to June. AD Vision has scheduled Angel of

Darkness part 3 for this month, and we're sure that it'll be as offensive

to almost everyone as the previous installments were (and as popular). The fourth

part is now in the works. Pioneer releases Hyper Doll this month, from the creator

of Moldiver. Also this month, VIZ takes the plunge with Maison Ikkoku, a

show perhaps most accurately classed as a soap opera from the creator of Urusei Yatsura and Ranma 1/2. While it takes a while to really get going, it's nonetheless an excellent product. Finally, rumor has it that Otomo's "Memories" will be released in the months to come.

## JEFF'S PICK OF THE MONTH

After some really tough months to come up with a pick, here's an easy one. The conclusion of Macross Plus (part 4) is a screamer. With a mass-destruction-while-cool-music-plays sequence the likes of which we haven't seen since Megazone 23, this is a sure winner. It's indeed heartening to see this finally come out, and see the old SDF-1 clear its moorings again.
